Please end the unconstitutional control of Scientology by the deep state

Dear Mr. President

We Free Scientologists would like to contribute to the task of making America great again. The American writer L. Ron Hubbard developed an advanced technology to free the human mind from past experiences (trauma) so that the people can think clearly and manage their lives successfully.

Einstein once said, we use only 10% of our mental potential. Scientology and Dianetic were developed to make our suppressed capabilities available. From its very beginning in 1950 Hubbard came in conflict with the misuse of psychiatric methods by US-intelligence, the beginning of MK-Ultra, the development of the Manchurian Candidate.

Since then Scientology has experienced a hidden influence by intelligence agents, which finally took over Scientology in the 1970's and put it under the control of the Deep State.

During the cold war the CIA (and other agencies) did research in the field of PsyOps and PSI-capabilities, which could be used as weapons, i.e. to spy on the Russian enemy. In 1972 they hired some Scientologists including Ingo Swann and Hal Puthoff to investigate the practical possibilities of the mental techniques developed in Scientology by Hubbard. They were alarmed by the results: Swann proved the possibility of leaving the body and going where he wanted as a spirit and perceiving and reporting back what he has seen. The results were useful for the military.

As the intelligence community wanted a monopoly on these capabilities, they not only researched further into this field, but put Scientology onto „Nixons enemy list“ and used the FBI-

COINTELPRO to get rid of Hubbard - an Interpol-warrant was issued and he was imprisoned on the 4. December 1972 without a chance of legal recourse - and took over control of the organizations of Dianetic and Scientology. One method of the take over was the use of an agent provocateur Meisser, who infiltrated Scientology and offered - as a double agent - to infiltrate the IRS to steal documents regarding Scientology, which should have been released to Scientology according to the FOIA in the first place. This led to an FBI raid against the Scientology Guardian Office and finally to imprisonment of nearly a dozen Scientology top executives including Hubbard's wife Mary Sue Hubbard in the late 1970's.

So the way was free for CIA-assets like David Miscavige and Heber Jentzsch (as documented on <https://cryptome.org/cia-2619.htm>), led by the IRS-department SSS (<http://archive.is/NP8dP>) to take over full control of the management of the Church of Scientology at the beginning of the 1980's.

The technology to free the human mind developed by Hubbard was „rewritten and revised“ in the „name of Hubbard“ in a destructive way, so that the parishioners of Scientology lost their chance to apply that for themselves. Most of them have been cheated and deprived of their rights up till the present day.

and some of the people all the time,
but you cannot fool all the people all the time.”*

Recently because of the FOIA old CIA-documents up to the 1970's have been declassified and published on the internet by the CIA's CREST. Looking up the keyword „Scientology“ one can only find around 100 documents, just a few newspaper clips but no internal CIA-documents about the broad activities of the US against my religion. Although courts have ruled these documents should be released the CIA still keeps its activities against Scientology secret. This proves that these activities are still ongoing as the documents are not declassified.

This is not only a heavy violation of the US constitution as the state should not interfere into any religion of the people, but as I had mentioned at the start of the letter:

The original Scientology - as developed by L. Ron Hubbard - contains the methods and techniques to free the human spirit and mind from past experiences and constraints. Scientology could make available the suppressed parts of our mental potential. We need all the resources available in each person to survive the global

crisis which is ahead of us. We need many more people as clear and powerful as you, Mr. President, obviously are.

So please help us to help you. Please help to rehabilitate the true potential of Scientology by

1. Ordering the CIA, FBI, IRS, ... to release all documents on their activities against Scientology including the secret imprisonment of L. Ron Hubbard from 1972 on.
2. Order these agencies to stop infiltrating Scientology and get them out of our church.
3. Let these agencies investigate the potential of Scientology instead how it can be applied to make America great again. There are many applications, among them in the field of education, where Hubbard's study methods can be used to create eradicate illiteracy (as is done in public schools and universities of many countries, but not in the USA).

Thank you for being there and taking the responsibility of the post of US president.

I love you too. Most respectfully,

Andreas M. Gross, C.E.
